## LANGUAGE ARTS & TEST PREP - GROUP CLASS (Grades 3-9)

Concerned that your child is not doing enough reading or developing the language arts skills necessary to thrive at school? Mercer Education’s **LANGUAGE ARTS & TEST PREP** provides a comprehensive, long-term approach to Language Arts enrichment education with focus on *reading comprehension, essay writing essentials, grammar fundamentals, and vocabulary acquisition*. The materials used in this course have been especially developed by *MERCER EDUCATION* and offer each student a systematic and effective learning experience. Through weekly reading assignments and interactive activities, students strengthen their critical reading and writing skills, study different genres of literature, and learn literary terms and the basic components of literary analysis. While the focus is primarily on classic fiction and essay writing, students also work on poetry and non-fiction assignments while becoming familiar with standardized test formats and test-taking strategies for tests such as the SSAT\*, ISEE, ITBS, and MSP.

Though a majority of students enroll on an ongoing basis in order to strengthen and refine their language arts skills, Mercer Education’s 2-month enrollment cycle provides maximum flexibility so that students can determine how long they want to attend, whether for just a few months or longer. Students may enroll at any time and receive a free assessment, after which they are assigned to appropriate groups of not more than six students according to level, age, and availability.
