2. SAT & ACT Practice TESTS

Practice **SAT** tests last approximately **four hours and fifteen minutes (4'15")** and **ACT** practice tests last approximately **four hours**. Tests are administered on Saturdays and Sundays at 9am and 1pm and include some time to get students settled and review testing protocol. Because of the length of these tests, students generally cannot take them on weekdays, though ME does administer practice tests by appointment. Indicate desired time/date and we'll contact you to confirm or propose alternate options. Please mark (✓) appropriate boxes to indicate details about what you would like.

3. SAT & ACT ASSESSMENT TESTS

Mercer Education (ME) offers SAT and ACT prep classes on a private tutorial and weekly group-class basis as well as in month-long summer camps, and students can attend classes to prepare for just the verbal or math/science portions of the test or both. For students enrolling in our SAT or ACT **group** classes, ME offers one free assessment test, which is necessary for student placement in groups at the appropriate level and to gauge student progress. If you are not sure whether you will enroll in any classes at the time when you first take a test, you do have to pay the \$50 charge, but if you decide within two months to enroll in a group class, ME will credit the \$50 payment to your tuition charges.

NOTE: The test itself remains the property of ME and cannot leave the school. If you wish to review the test once your test results are available, call to reserve one of ME's classrooms to work in (limited to one hour use).

Important Details: 1) Evaluation reports w/scores will be sent out within approximately one week of the test date; 2) Payment must accompany this registration form to reserve a spot. Please mail or deliver in advance to Mercer Education at the address listed above; 3) If you plan to show up on a "walk-in" basis, please be aware that there may not be space for you and that ME does not necessarily administer practice SAT tests every Saturday and Sunday; 4) For the sake of all students attending the test and those administering the test, ME's practice SAT's are administered on time as scheduled, and we recommend that students plan accordingly and arrive a few minutes prior to the test's scheduled start time; 5) Students should bring a calculator, several pencils, and a snack if desired. 6) Students requiring special accommodations should inform ME in advance to confirm whether those will be available.

4. STUDENT AGREEMENT

To come prepared and to commit to do the best you can on your own merit, read and sign below:

I understand practice SAT and ACT tests last about 4 hours. As under real test conditions, I will show up early and bring a calculator and several sharpened pencils. I understand tests are administered under the **Honor System** that relies on each test-taker to do his/her own work, abide by the time restrictions, and not converse with or disrupt others during the test.
